OUR TEAM

A blue tractor is pulling a trailer loaded with several large, round hay bales across a vast, golden field. The sky is a clear, bright blue with scattered white clouds. The scene is captured from a low angle, emphasizing the expanse of the field and the height of the tractor and trailer.

ABOUT APOLAT LEGAL

We are proud to present that Apolat Legal is one of the leading professional law firms in Vietnam who is capable of providing a wide range of professional services for clients' business activities in Vietnam. We have a wealth of valuable practical knowledge and experience in advising and assisting different clients with respect to their operations and business in Vietnam. Our outstanding and typical clients are: Asus (Taiwan); LG; Gemadep Vietnam, a subsidiary of CJ Logistics (Korea); CapitaLand; Mimosa Technology Co., Ltd (Singapore); Viet Trade Alliance; Central Group (Thailand); AEON (Japan); Vina Capital; Borden Company Limited (Singapore); The Body Shop (TBS), etc. We are confident that our legal services will greatly support your above request.

Apolat Legal is also honored to receive numerous recognitions and/or articles posted by world-leading and local organizations and publications including: The Law Association for Asia and the Pacific (LawAsia, 1966), The Legal500, IP Link, IP Coster, Lexology, Global Trade Review (GTR), The Saigon Times, etc.

FIELDS OF OPERATIONS

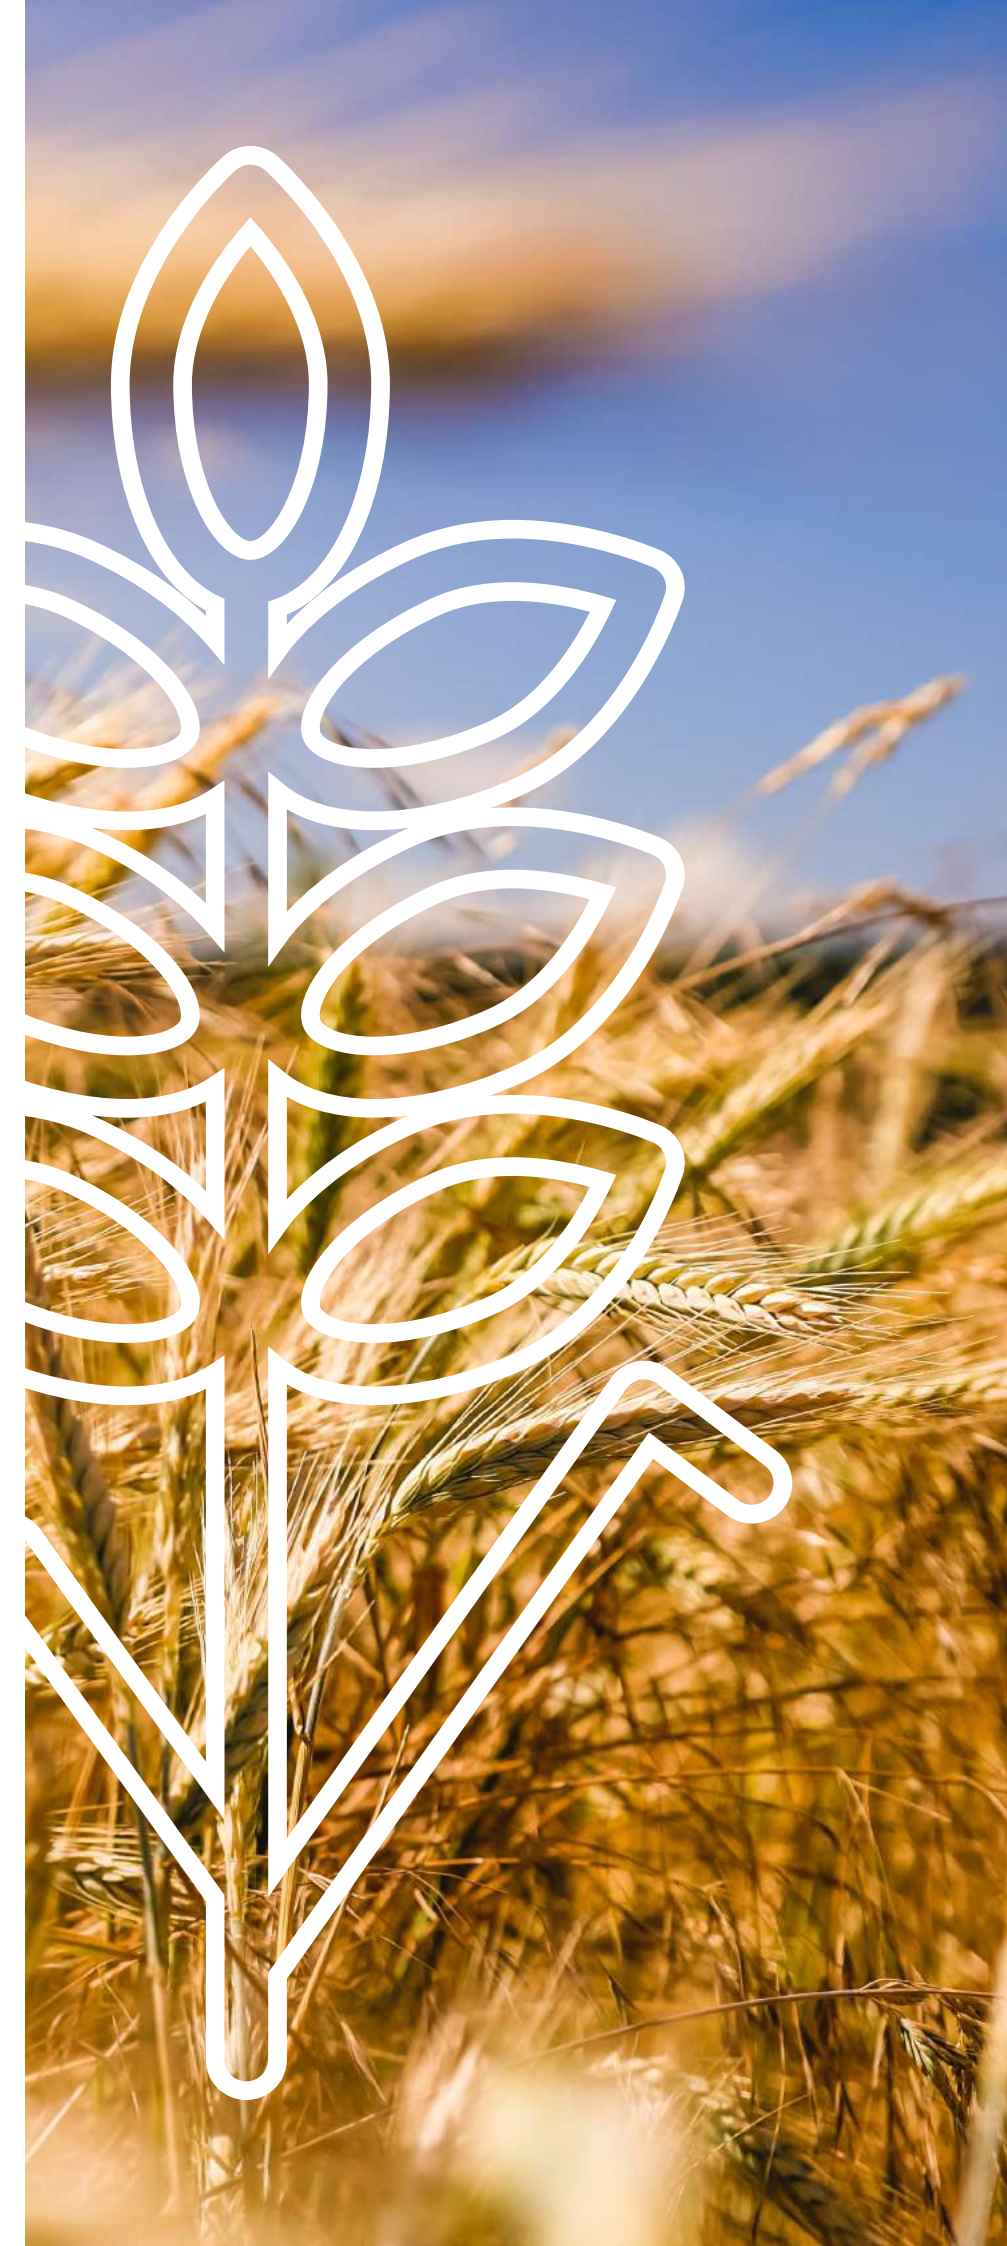

CROP PRODUCTION, FERTILIZER

Crop production and fertilizer are conditional business services. However, many enterprises, especially foreign-invested enterprises, that are new to these activities often do not have much experience and legal knowledge to be able to operate their businesses in accordance with the law,

Apolat Legal's team of lawyers can advise clients on operating conditions related to their intended business areas, legal issues to be noted and complied with during operation as well as represent clients to work with state authorities to obtain permits/approvals for sub-licenses before entering operation.

Services that Apolat Legal can provide:

- Apply for a Certificate of eligibility to trade in fertilizers;
- Certification of fertilizer advertisement contents;
- Receipt of dossiers for announcement of fertilizer regulation conformity;
- Receipt of dossiers for announcement of plant variety regulation conformity;
- Apply for Decisions on recognition of elite trees, elite orchards, industrial plants and perennial fruit trees propagated by clonal methods;
- Restore Decisions on recognition of elite trees, elite orchards, industrial plants and perennial fruit trees propagated by clonal methods.

PESTICIDE

Pesticides are substances or mixtures of substances or microbial preparations that prevent, stop, repelling, lure, destroy or control organisms harmful to plants; regulate plant or insect growth; and increase the safety and effectiveness of drug use.

This is also a conditional business commodity and needs to comply with many conditions when conducting business. Understanding the difficulty and complexity of this field, Apolat Legal team is fully equipped with legal knowledge as well as experience to be able to support clients.

Services that Apolat Legal can provide:

- Apply for Pesticide transportation permits;
- Apply for Certificates of pesticide advertisement contents;
- Apply for a Certificate of eligibility to trade in pesticides.

FOOD HYGIENE AND SAFETY FOR AGRICULTURAL PRODUCTION ESTABLISHMENTS

An agricultural production establishment is a place where one, some or all of the activities of growing, harvesting and exploiting agricultural products are carried out. Goods processed from these agricultural production establishments need to comply with regulations, standards and technical regulations so that the finished products can ensure hygiene and safety for human health and life.

Therefore, Customers need to apply for a Certificate of Eligibility for Food Safety before operation.

Services that Apolat Legal can provide:

- Consultancy on conditions of agricultural production activities;
- Consultancy on conditions to meet regulatory standards on food hygiene and safety;
- Drafting legal documents related to the application for the Certificate of Eligibility for Food Safety;
- Representing clients to work with state authorities to apply for a Certificate of Eligibility for Food Safety.
